

WRB20104 - CERTIFICATE II IN NAIL TECHNOLOGY

Certificate II in Nail Technology enables students to learn all aspects of artificial nails and manicure and pedicure techniques. The certificate enables students to work in beauty or hairdressing salons as nail technicians. The course covers all aspects of nail technology, including sculptured nails, extension tips, overlays, French acrylic application and gel nails. The practical component of the course is undertaken at the school, full time or part time, with theory lessons completed by distance education. Students are required to bring in models to apply artificial nails on during the course and for their final practical examination.

Unit Code	Unit of Competency
